Re: Transfer of Notice of Intention, Small Mining Operations, Travertine #1, S/023/042, Juab County, Utah

Dear Mr. Jensen:

On July 7, 1995, the Division received the Transfer of Notice of Intention for the Travertine #1 small mining project located in the SW/4 of Section 14, T14S, R3W, Juab County, Utah. A copy of the signed and accepted transfer form is enclosed for your records. This effectively transfers the Travertine project from Western States Limestone Company to Western States Minerals. This letter officially releases Western States Limestone Company (Farrell Larson) from any further reclamation obligations at the Travertine #1 project. Continued mining and full reclamation responsibilities for this project is now the sole responsibility of Western States Minerals, Neal R. Jensen, owner.

If you have any questions or concerns regarding this letter, please contact me.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
